Subject: SAP Rehearsal tomorrow 1 - 4 pm
Date: 11/14/2011 12:11 PM

Just a reminder that the SAP rehearsal for the November 29 - December 1 meeting is scheduled for 1 - 4 pm tomorrow. The purpose is to run through the slide presentations OPP is planning to give to the SAP members. You need not give your word-for-word presentation, but each slide should be shown tomorrow and very briefly discussed, at a minimum. It seems the presentations are lengthy and we may not be able to get through all of the slides in 3 hours. We may want to tentatively plan on continuing until 5 pm rather than ending at 4 to get as much in as possible.
